

**INTRODUCTION TO THE SINGAPORE-CAMBRIDGE GCE 'A' LEVEL CURRICULUM**

All students in JC1 and 2 will offer the Singapore-Cambridge GCE 'A' Level Curriculum.

'A' Level subjects can be offered at Higher 1 (H1), Higher 2 (H2) or Higher 3 (H3) level.

Students are required to offer a minimum of 3 H2 and 1 H1 content-based subjects in addition to General Paper, Mother Tongue Language and Project Work.

One of the content-based subjects must be a contrasting subject.

- A contrasting subject is a content-based subject taken outside a student's main area of specialisation. For example, a Science student is required to offer a contrasting subject in Humanities or the Arts. An Arts student is required to offer Mathematics as a contrasting subject.
- The contrasting subject can be read at H1 or H2 level.

The table below gives more information on the range of subjects a JC1 student must read at RVHS:

All JC 1 students must offer the following compulsory H1 non content-based subjects: <ul style="list-style-type: none">○ Project Work○ General Paper○ Mother Tongue Language (except for students who obtain at least a D7 for Higher Mother Tongue Language at the 'O' level)	And either : <ul style="list-style-type: none">○ 4 H2 content-based subjects (with at least one being a contrasting subject) or <ul style="list-style-type: none">○ 3H2 content-based subjects and 1 H1 content-based subject (with at least one being a contrasting subject)
---	---

The 4 H2 content-based subjects curriculum is suitable for students who have the ability and passion to extend their learning further. Students must be prepared to handle the increased academic workload in addition to the demands of the JC programme throughout their two-year course.

- The norm for most JC students is to offer 3 H2 content-based subjects and one H1 content-based subject.

H3 subjects are designed for outstanding students and are offered at JC2.

- Students intending to offer H3 subjects must have achieved good academic results at the end of JC1 and will be informed of the application process and eligibility criteria.

SUBJECTS OFFERED IN RVHS IN 2022

Subjects	H2	H1	Indicative Cut-off Grades
Humanities & the Arts			
CC: China Studies in Chinese	√		Recommended to obtain at least B3 for 'O' Level HCL or A2 for 'O' Level CL
CL: Chinese Language & Literature	√		Recommended to obtain at least B3 for 'O' Level HCL or A2 for 'O' Level CL
EN: Literature in English	√	√	

EC: Economics	√	√	
GE: Geography	√	√	
HI: History	√		
TS: Translation	√		Subject Prerequisites by MOE: At least A2 for 'O' Level EL AND A2 for 'O' Level CL (or B3 for 'O' Level HCL) • Students who do not meet the subject prerequisites MUST sit for a qualifying test
Mathematics & Sciences			
BI: Biology	√		Recommended to obtain at least B3 for Pure Biology OR A1 for Combined Science (Biology)
CP: Computing	√		Recommended to obtain at least A2 for 'O' Level Computing All students interested in offering H2 Computing MUST sit for a qualifying test if they do not offer 'O' Level Computing • Students should also offer H2 Mathematics concurrently
CM: Chemistry	√	√	For H2 CM: Recommended to obtain at least B3 for Pure Chemistry OR A1 for Combined Science (Chemistry) For H1 CM: Recommended to obtain at least C6 for Pure Chemistry OR Combined Science (Chemistry)
FM: Further Mathematics	√		Recommended to obtain A1 for both 'O' Level Mathematics and Additional Mathematics • MUST offer H2 Mathematics concurrently
PH: Physics	√		Recommended to obtain at least B3 for Pure Physics OR A1 for Combined Science (Physics)
MA: Mathematics	√	√	For H2 MA: Recommended to obtain at least B3 for both 'O' Level Mathematics and Additional Mathematics For H1 MA: NIL

Note:

Students who wish to read any subject but do not meet the indicative cut-off grade as shown above may still appeal for the subject, **subject to approval**.

**All subjects listed are offered at H2 level unless otherwise stated*

There are **49 courses offered to Arts students at RVHS*

Note:

All students may propose their preferred subject combination (as an out-of-list combination) if it is not featured in the list of subject combinations in both the Science and Arts courses, **subject to approval.**

- As far as possible, the school will try to cater to your preferred choice, subject to the school's constraints and a minimum enrolment for some subjects or subject combinations.

The detailed syllabus for each subject can be found on the SEAB website at:
<https://www.seab.gov.sg/home/examinations/gce-a-level>
